

# ACCUTAX ONLINE

## 100% WEB BASE TAX PREPARATION SOFTWARE

AccuTax Online Software is designed for the experience or non experienced tax preparer and made specifically for quick & easy use as well as managing a multi-office tax preparation business. There is no software to install or updates to maintain cause it's a web base software.

Conveniently accessed online, AccuTax Online works on any computer with an Internet connection.

### AccuTax Online Features

#### CONVENIENCE

Run your offices from the convenience of your office or at home. It's easy to securely access AccuTax Online from any computer with Internet connections. AccuTax is also maintenance free with no software to install or minimum system requirements.

#### ACCURACY AND RELIABILITY

Flexible and simple to use, AccuTax Online is powered by an engine that's been proven reliable by over a decade of professional use. With the most complete set of Federal & State forms available online, in addition to a built-in verification feature to help eliminate rejects, AccuTax Online makes e-filing federal and state returns a simple process that does not require any formal training.

#### SMART BUSINESS

With a low setup fee, no waiting period, and ease of use, AccuTax Online can be quickly incorporated into your existing business relationships. And since it is built for high volume use, new ventures can be added any time.

#### Financial Solutions

Add value to your services by offering fast refund loan products thru our partnership with various banks.
